- Alcohol Level: 13.93%
- pH: 3.55
- TA: 6.23 g/L
- RS: 2.18 g/L

Wine Description:

Named in honor of our founder Don Maximiano Errázuriz, MAX represents the maximum potential of each variety, originating from the best terroirs of the Aconcagua Valley and other renowned valleys across Chile for the production of each of the strains that make up these wines.

Tasting Note:

A medium-high ruby red color. On the nose, it displays intense aromas of roasted red pepper, paprika, soy sauce, toasted coffee bean, and tobacco. On the palate, it confirms the perceived notes, adding nuances of fresh fig, Herbes de Provence, and a delicate cedar background. Its refreshing acidity enhances its juicy character, complemented by fine, highly persistent tannins that provide an elegant journey on the palate. This wine has excellent aging potential.
