

# BIJOFU Tokubetsu Junmai

Prefecture: Kouchi  
Type: Tokubetsu Junmai  
Rice: Matsuyama-Mii  
Polishing rate : 60% remaining  
Alcohol: 16%  
Serving Temperature: Room Temperature

## Tasting Note :

With the sweetness of rice and, at the same time, with an agreeably tart and dry taste too, Tokubetsu (special)Junmai can be enjoyed not only in the mouth, but also as it goes down the throat with a pleasantly simple aftertaste. Also, there are a wide variety of dishes that match well with this sake, so it is a convenient tokubetsu junmai-shu for dinner. It has flavors wide and deep enough to be easily matched with western dishes as well as Japanese dishes.
