

Malt Whisky Japanese Kurayoshi Umeshu X 70cl

Product details

The Matsui Umeshu with Japanese Whisky 70cl is a premium Japanese liqueur that blends tart, sweet Ume (Japanese plum) wine with select malt whiskies. Produced by the Kurayoshi Distillery, it features a gentle 14% ABV (alcohol by volume). Expect tasting notes of fresh fruit, vanilla, and a subtle hint of smoke.

It is crafted by soaking the plums in the liquid to extract their natural sugars and flavors, and then adding the distillery's pure malt whisky right at the end. This creates a perfectly balanced, refreshing drink. The local distillery uses fresh underground water filtered through the volcanic stones of Mount Daisen.
